

NASAR Education Track

The Instructor Workshops during the 2011 National Search and Rescue Conference will be conducted in a different manner to allow attendees to walk away with a full Instructor Status. Pre-registration is required for all Instructor Workshops. Applicants must have previously taken the NASAR course they would like to instruct and scored a 90% or above on the written exam. Please contact Janet Adere to register and submit [Instructor Application](#) Packet via fax (703) 621-3978 or email janeta@nasar.org by May 27th.

Thursday, June 2 – 1330-1730

Workshop NASAR Edu #1, NASAR Education Program Administration Workshop

It is **mandatory** that attendees that would like to participate in the NASAR Tracking, ISAR or MLPI Instructor Workshops attend this full session. During this session, attendees will be given the Program Administration Manual. In addition, during this session, attendees will be given a micro section to teach in respect to the discipline they wish to instruct. During the Instructor Workshop on the following days, attendees will be broken into groups to do their presentation.

Friday, June 3 – 0830-1500

Workshop NASAR Edu #2, NASAR Education The “New” NASAR Tracking Course

We are unveiling the classroom material for Search Managers, Training Officers, and potential NASAR Tracking Instructors. This will be condensed to the two hours available for this presentation and we will not be doing any of the field exercises. The course is a planned 20 hour NASAR Course that can be done either Friday Night to Sunday Afternoon or Saturday Morning to Sunday Evening.

We embrace the S-B-S methodology of Ab Taylor and endeavor to perpetuate the quality of his teachings and inspire the next generation of SAR Trackers within our Units. We will be working at a fast pace, however, feedback is important to us at this phase of our development and questions and comments will be honored during the presentation as time permits.

Workshop NASAR Edu #3, NASAR Education ISAR Instructor Workshop

During this session, attendees will learn methodologies on teaching the ISAR Course. Depending on the size of the class, attendees will be broken into groups to teach their micro sessions OR will teach to the group and will be evaluated by their peers. The objective evaluations will determine if the attendee receives full Instructor status.

Prerequisite: Attendee must have previously taken the ISAR course and scored a 90% or above on the written exam. Instructor Application Packet must be submitted by May 27th (see top of page).

**Saturday, June 4
0830-1730**

Workshop NASAR Edu #4, NASAR Education MLPI Instructor Workshop

During this session, attendees will learn methodologies on teaching the MLPI Course. Depending on the size of the class, attendees will be broken into groups to teach their micro sessions OR will teach to the group and will be evaluated by their peers. The objective evaluations will determine if the attendee receives full Instructor status. Attendees will spend the afternoon learning how to correctly set up the table top exercises of the class.

Prerequisite: Attendee must have previously taken the MLPI course and scored a 90% or above on the written exam. Instructor Application Packet must be submitted by May 27th (see top of page).
